

gofpdf Styles Demo (A4, mm)

1) Lines: width / color / dashed

Thin line: width=0.2

Thick line: width=1.0, blue

Dashed line: pattern=[3,2]

2) Rect: D / F / DF

Rect D
Border only

Rect F
Fill only

Rect DF
Border+Fill

3) RoundedRect: corners + style

all corners
corners="1234"

top only
corners="12"

bottom only
corners="34"

4) Typography: bold / color / center

Centered Title (CellFormat align=C)

MultiCell wraps long text automatically. Use it for paragraphs, notes, and long labels. This is essential for reports.

5) Header Bar (like section title)

Section: Companies

6) Card style (RoundedRect + padding)

Summary Card

This looks like a modern UI card. Useful for summary blocks.

7) Table header + zebra rows

Code	Name	
1	Company Name 1	☒
2	Company Name 2	☒
3	Company Name 3	☐
4	Company Name 4	☒
5	Company Name 5	☒
6	Company Name 6	☐

8) Checkbox + Radio

☐

Checkbox unchecked

☒

Checkbox checked

☐

Radio off

☒

Radio on

9) Watermark (rotate + light color)

Watermark is done using TransformRotate + light TextColor.
